Blended Learning Solutions
What is Blended Learning?

- Learning via a combination of print and online materials, both in class with a teacher and in an online, self-study environment.
What Blended Learning isn’t…

• Replacing teachers with computers

• Losing overall control of a class and classroom teaching

• Letting students ‘get on with it’
Main forms of Blended Learning for ELT

• Consolidation
• Flipped Classroom
• Self-study / Supplementary resources

Social Media – What are your thoughts?
What could you do? – Case Studies

• With a partner or small group, what do you think you could introduce to make a particular level, course or programme more ‘blended’ with no allocated technology budget?

• What challenges do you think you would encounter and how would you try to overcome them? Think in terms of:
  ➢ Teachers
  ➢ Students
  ➢ Resources/Facilities
